Optimus Advisory Group

Global Advantage
Strategy

Seeking Total Return through Inverse Funds, a Unique Portfolio Hedge

GROWTH THROUGH INVERSE FUNDS

- Opportunistic, short-term exposure to inverse funds during U.S. equity, foreign equity, and U.S. Govt. bond market declines

BUILT-IN RISK MANAGEMENT

- Portfolio is in cash the majority of the time waiting for opportunities to take positions in inverse funds

Optimus Global Advantage: Seeks to provide investors with an opportunity for gains during U.S. equities, Foreign equities, and U.S. Govt. bond market declines. Our goal is to offer very strong results during most significant market declines while also providing solid returns during extended bull markets. The strategy uses eleven inverse mutual funds and ETFs that are based on U.S. equities, Foreign equities, and U.S. Govt. bonds. Each independent signal is based on technical analysis and all signals are short-term in nature.

Global Advantage All Asset performance data is live and net of a 1% fee. Please see full disclosure on next page.

If applicable, this report must be accompanied by a prospectus, or equivalent, and disclosure statement.

A "live" account was established at T.D. Ameritrade on April 1, 2012. Performance from individual returns may vary substantially from those presented due to differences in the timing of contributions and withdrawals, account start dates, and actual fees paid.

The performance results shown are net of a 1% fee which would cover Optimus Advisory Group's management fee and any commissions, transaction costs, or asset based fees, if any. The net performance results do not include the primary advisor's fee which may vary greatly. Individual returns will be reduced by the amount of those fees. Please contact your primary advisor for additional details.

The performance results shown include the reinvestment of dividends and other earnings. Comparison of the Optimus Advisory Group Programs to any other indices is for illustrative purposes only and the volatility of the indices used for comparison may be materially different from the volatility of the Optimus Advisory Group Programs due to varying degrees of diversification and/or other factors. Different types of investments involve varying degrees of risk and there can be no assurance that any specific investment will be profitable. Optimus Advisory Group does not make any representation that the Optimus Advisory Group Programs will or are likely to achieve returns similar to those shown in the performance results in this presentation. Optimus Advisory Group reserves the right to trade different funds within their models.

Past performance may not be indicative of future results. Therefore, no current or prospective client should assume that future performance will be profitable, or equal to any corresponding historical index. The historical performance results for indices and index funds used as proxies for indices are provided exclusively for comparison purposes only, so as to provide general comparative information to assist an individual client or prospective client in determining whether the performance of the Optimus portfolio meets, or continues to meet, his/her investment objective(s). It should not be assumed that any Optimus portfolio holdings will correspond directly to any such comparative index.

Different types of investments and/or investment strategies involve varying levels of risk, and there can be no assurance that any specific investment or investment strategy (including the investment strategies devised or undertaken by Optimus Advisory Group) will be profitable for a client's or prospective client's portfolio.
